## CONGRATULATIONS ON THE DAY OF KAZAKHSTAN OIL AND GAS INDUSTRY WORKERS!

### Dear oil workers!

I congratulate you on the Day of Kazakhstan Oil and Gas Industry Workers!

The professional holiday, which we traditionally celebrate on the first Sunday of September, this year is marked by the 120th anniversary of Kazakhstan's oil.

The history of the oil and gas industry of our country is full of bright pages. The first oil fountain on Karashungul in 1899, the heroic work of Emba oilmen during the Great Patriotic War, the development of virgin soil oil in the vast Mangyshlak in the 60s, the discovery and commissioning of the largest fields: Kashagan, Tengiz and Karachaganak. In just two decades since gaining sovereignty, Kazakhstan has become one of the world's 15 largest oil exporters.

These professional victories are an integral part of the biography of thousands of industry workers who have passed through ordeals, who have invested their strength and knowledge of the oil and gas industry, thereby contributing to the consolidation of Kazakhstan's economy, the sovereignty of our country.

On this remarkable day, I wish you good health and happiness, peace and prosperity!

Best regards,

Chairman of the KAZENERGY Association
